

EARN Grant funding - \$105,000  
 County funding \$192,00  
 Industry leveraged funding \$250,00

**Economic Impact of Rx for Employability per year**

Economic Impact indicates the amount of money generated into our economy based on current wages of the participants.

Cohort group	Number employed	Average Wages Prior to Rx4E	Average Annual Salary for full time employment post Rx4E	Total Economic Impact *	
				Wage reinvested **	Improved Employability
Unemployed: Pharmacy Tech	4	0	\$26,000	\$104,000	New career pathway
Unemployed: IT Technician	10	0	\$44,000	\$440,000	New career pathway
Underemployed: Instrument Sterile Processors	15	\$12.50/hr.	\$34,000	\$135,000	New career pathway
Incumbent: Medical Coder Bridge	491 (retained employment)	\$25.00/hr.	\$50,000	0	Additional training to address mandated credentialing requirements.
<b>Total</b>	<b>520</b>			<b>\$679,000</b>	

*\*The reduced reliance and costs of participant utilization of community services and resources was not factored into realized economic impact.*

*\*\* Indicates the wage differential per year (pre vs post Rx4E) reinvested in our economy. Each year this impact will be compounded*
